THE CHINESE SIDE OF IT. According to the imperial decre ssued by the Chinese Government on Jane 29 and received yesterday by its Musister at Washington, says the Balto Sun, of Thursday, the state of war existmy between the European powers and China was precipitated by the action of the foreign admirals. On June 16, it is alleged in the decree, the admirals demanded the surrender of the Take forts, and on the tollowing day, when the Chinese commander refused to give on the forts, bombaided them and sarried them by assault. "Plus," says the decree, "the conflict of forces began, but certainly the mitiative did not come from our side. * * * Our position in this matter ought to be clearly understood by all the powers. * * * * China was drive a to the unfortunate position from which she could not escape." ES, EVERYBODY IS TALKING about the new Hardware Store at Gettysburg -- the ear loads of

goods and the astonishingly low prices prevailing in

all departments of the store. Really, it makes one

feel good when they see that their endeavors to please have met with a hearty response in orders. We certainly did not expect such a rush of customers in so short a time. We did expect to "get there" slowly in "the course of events." but calculations have all been out-done and our clerks are most fagged out from over-work. We attribute this to judi cious advertising. The people these days are ever watchful for the live advertiser and we appreciate the fact and give them something worth while to read,
